

Sealed Orion

Linear LED Light system

The Sealed Orion is a highly reliable, professional system utilising LED technology to provide a strip or wash of standard or high intensity light that can be used in a variety of applications.

The Sealed Orion Linear Light System is manufactured utilising LEDs encased in a durable aluminium extrusion, fully encapsulated with clear potting compound and fitted with a frosted acrylic lens.

Sealed Orion

Please note these units are also available in the following colours:

Red, yellow, green and blue. Please contact our sales department for further details

Technical Specifications

Ta = 25 °C

Supply Voltage:	24Vdc.
Typical Current:	As Specified.
Ambient Light conditions:	Zero to Daylight.
LED Spacing:	10mm
Storage Temperature:	-20°C to + 50 °C.
Operating Temperature:	-20°C to + 50 °C.

MATERIALS

Extruded Housing:	Aluminium.
Optical Lens:	Acrylic D6 frosted grade.
LED Lens:	Diffused Epoxy.
End Caps:	Aluminium.
Potting:	PC5836 - polyurethane
Finish:	All aluminium natural anodised to AA25.

Stand alone single colour units will require a power supply as recommended in the product data overleaf.
Multiple units can be interlinked to a max rating of 40W. Please contact our sales department for further details.

Features & Benefits

- Waterproof to IP55
- RoHS Compliant
- Virtually maintenance free
- Ultra low power consumption
- Impact resistant
- Ease of Installation

Applications

- Outdoor lighting
- Feature lighting
- Emergency lighting
- Retail display lighting
- Coves
- Exhibition and display applications
- Signage
